

Liftchain Air BOP Handling System

25-75 tons

Articulated trolley allows up to 20 degree side pulling operation

Low maintenance gear motor

Limit switch for upper and lower over-travel protection

Corrosion resistant load chain.

Ergonomic pendant with optional emergency stop/start feature

Corrosion Resistant marine grade paint

Automatic Fail-Safe, multi disc, motor brake on hoist

Rugged All Steel Construction delivers long-life and durability

Bottom block mounted on bearing with external lubrication point and water drain

Available with bottom hook or clevis

Ideal for:

Onshore

Offshore

Liftchain Air BOP Handling System

25-75 tons

Ingersoll Rand's Liftchain BOP (Blowout Preventer) Handling Systems are driven by reliable air motors that are virtually maintenance free. With an all-steel construction they are available in low and ultra-low headroom models to handle your BOP stack with ease.
