

# Preventive Maintenance Services

For Centrifugal Air Compressors

IngersollRandProducts.com

## Protecting Your Valuable Investment

Reliability, equipment uptime optimisation and utilization are key elements to the manufacturing process. As an owner of state-of-the-art compressed air equipment, you expect nothing less.

To take good care of your compressed air system throughout its entire lifecycle, you need to perform planned preventive maintenance at prescribed service intervals. Ingersoll Rand can help you implement a regular service routine backed by certified service professionals who inspect and use diagnostics, with the goal of identifying opportunities for efficiency and reliability improvements while reducing downtime.

**3x**  
RIGHT

The right service programs,  
at the right time, by the right  
people. *It's that simple!*

## What Our Services Include

1. General inspection activities on the equipment and total compressor system
2. Component and subsystem diagnostics, including air, oil, water and condensate circuit check ups, mechanical integrity check and vibration level assessment
3. Assessment of the equipment in running condition, checking all parameters, mapping versus design values and unit and system controls tuning
4. Preventive maintenance on key components
5. Properly scheduled replacement of consumables at the end of their service life, with guaranteed OEM quality parts and lubricants

## The Benefits of Regular Maintenance

- Increases air compressor useful life and efficiency
- Helps to avoid unscheduled downtime
- Prevents emergency repairs
- Maximizes the return on investment of the installation

## What Services Need to Be Performed?

Here's a sample of the typical services that will ensure optimal performance of your system over its entire lifecycle. Regardless of the size of your compressed air system, it is important to have an Ingersoll Rand certified service provider available to perform routine maintenance on a timely and consistent schedule, in order to keep your total cost of ownership minimized and to guarantee the reliability of your equipment.

## Want to Learn More?

We have the expertise to be your trusted partner to help maintain an optimized compressed air system. Visit our website or call your local Ingersoll Rand representative today to learn all about the best way to maintain your equipment.
